

STUDENT DRESS CODE

Rationale

Students attending public schools in Western Australia are required to be clean and appropriately dressed for school. The Dress Code requirements are determined by the School Board.

Purposes

1. To foster and enhance the public image of the school
2. To assist in building school and team spirit
3. To ensure students are safely dressed for specific school activities
4. To encourage equity among students

Guidelines

1. The P&C operates a Uniform Shop at the school for the sale of new and pre-loved uniforms.
2. Parents and students will be informed of the school's dress code at the time of enrolment. Acceptance of enrolment at school assumes an agreement between parent/student and the school that the student will dress within the guidelines of the dress code policy.
3. Any grounds for exemption would be revised and agreement reached at this time. Exemptions on religious or health grounds may be issued by the Principal on behalf of the School Board.
4. If the Dress Code is unacceptable, parents have the right to apply for admission to a school where the dress code reflects that preference.
5. Students not following dress code will receive:
 - Counselling from designated staff member on the benefits of the dress code;
 - Assistance/support to obtain suitable clothing if necessary; and
 - A pass for an agreed length of time for dress modification.Students not following the dress code will stay at school if their class is attending excursions or incursions.
6. Make-up and excessive jewellery are not appropriate at school. Students with hair shoulder length are required to have it tied back for health and safety reasons.

Conclusion

The Dress Code is subject to regular review.
